MUNICIPAL POLICE ACADEMY**

GENERAL PHILOSOPHY

Acting under authority of the Municipal Police Officers' Education and Training Commission, Montgomery County Community College is authorized to conduct class under PA Act 120 in Municipal Police Officer Training.

The College/Academy provides its cadets with a basic knowledge of social, legal, political and ethical contexts under which police services are provided, as well as the technical competency to perform their duties in the Commonwealth of Pennsylvania.

There are no guarantees, explicit or implied, that a cadet will successfully complete all or part of this program or be recommended for certification. Cadets must maintain a minimum of 75% in each of the program-tested areas (Exception: CPR and First Aid require a passing score of 80) in order to be recommended for certification under the provisions of Pennsylvania Act 120.

MCCC ACADEMY RULES AND REGULATIONS

The Academy operates under an established set of strict rules and regulations. These rules and regulations are established guidelines of approved behavior which have been deemed necessary to fulfill the objectives of the MCCC Municipal Police Academy. They are intended to broaden the cadet's knowledge and perception of the procedures that will govern their actions and performance throughout a law enforcement career.

Discipline at the academy, when necessary, is designed to ensure that appropriate behavior is learned and encouraged, while inappropriate actions are corrected through a combination of documentation, counseling, training and remedial action. A continued disciplinary problem on the part of any cadet, as determined by the Academy's Director, may result in dismissal from the program. A complete copy of the Municipal Police Academy's Rules and Regulations will be made available to all cadets on the first day of class.

"Enter to learn, leave to serve."

Municipal Police Officers' Basic Training Program (Act 120) Physical Fitness Evaluation Individual Informed Consent Release

The fitness pre-test as well as the mandatory Municipal Police Officers' Education and Training Commission (MPOETC) Basic Physical Fitness Program, both test for:

1. Cardio-Respiratory Fitness
2. Muscular Strength and Endurance

Cardio-Respiratory Fitness is tested by evaluating the time required to run a distance of 1.5 miles and a 300 meter dash.

Muscular Strength and Endurance is determined by evaluating the number of sit-ups an applicant can successfully complete in a prescribed time period and by using the bench press method.

Note: All MPOETC fitness testing procedures are age and gender adjusted, as per the Cooper Institute of Aerobic Research.

Historically, the most physically demanding portion of the fitness test is the cardio-respiratory evaluation, the purpose of which is to examine the participant's heart rate response to exercise and recovery periods.

Occasionally, complications can occur during the mandatory fitness testing. If the applicant/cadet is not tolerating the task well, i.e. experiencing shortness of breath, pains in the chest area, etc. it is the applicant's/cadet's responsibility to cease all physical activity and notify the test monitor of his/her condition.

In signing this Consent and Release Form, you acknowledge that you completely understand the test and that any questions which may have occurred to you have been answered to your satisfaction. You also understand that every reasonable effort has been exerted to insure your health and safety, that you enter into the tests willingly, and that you hereby do release and hold the Montgomery County Community College harmless from and against any and all loss, cost, damage, injury to you, the participant, or damage to or loss of property during the course of such tests. Furthermore, I agree to look to my physician for any medical care.

This is a cumulative test. Each event is pass/fail; thus, if one event is failed, the entire test is failed. There is no "averaging" of scores. Applicants for the police academy will need to pass each event at the 30th percentile to be considered for acceptance into the police academy. These scores are based on The Cooper Institute data. If an applicant does not fall into one of the age categories, the applicant will be required to receive a score closest to their actual age.
