The following changes are hereby incorporated into the construction documents dated February 5, 2016, for the above project:

Part 1 - Electrical Specifications

A. 16341 – Medium-Voltage Switchgear

1. Edit section 2.1.A to read:

“Subject to compliance with requirements, provide products by one of the manufacturers specified in Section 2.3.A, or equal having a minimum ten years of experience making switchgear rated up to 35 kV. Circuit breakers must be manufactured by one of the following:

1. Eaton Corporation; Cutler-Hammer Products.
2. General Electric Distribution & Control.
4. Square D; Schneider Electric.”

- END OF ADDENDUM NO. 2 -
