Montgomery County Community College (MCCC) and University of Phoenix present a transfer program created for working adults. To be apart of this program, you just need to

1. Enroll in any of MCCC’s AA or AS degree programs
2. Complete a Dual Intent Form
3. Satisfy University of Phoenix admissions requirements which include
   - minimum of 23 years of age.
   - current employment or have access to an organizational environment that will allow completion of program coursework.

Note: For students under the age of 23, there is an appeals process for students who have a minimum of 30 transferable credits, a minimum of 3.0 GPA and current employment with a two-year post high school work history.

Benefits of the Dual Admission Program
The Dual Admissions agreement provides automatic transfer to the University of Phoenix and will ensure that MCCC students have...

- admission into any of the Bachelor programs offered.
- $50 application fee waived.
- associate-degree coursework, 60-72 credits, automatically transferred.
- the tenth University of Phoenix course at no charge, provided student is continuously enrolled and has successfully completed nine courses at the University of Phoenix.
- dual advisement from both MCCC and University of Phoenix counseling staff.
- customized transfer guides.
- a core-to-core transfer which will satisfy most of University of Phoenix requirements except for 6 total credits of both Science/Technology and Mathematics (see a University counselor about the Math Transfer Policy).
- completed a bachelor degree in about 2 years (depending on the program and if student is continuously enrolled).

About the University of Phoenix
Since 1976, the University of Phoenix has been a private institution whose mission is to provide high quality education to working adult students. Our commitment to high educational standards and student service has made us the largest private university in the United States. Currently, we serve more that 90,000 working professionals at campuses across the nation and through distance learning options.

The University’s academic programs, as well as delivery options and customer service recognize and compliment a student’s maturity, experience, personal and professional responsibilities. Courses are scheduled sequentially so that those students can concentrate on one subject at a time. Campus and corporate on-site classes, directed study and Online delivery options are available. Classes are usually held for four hours a night, one night each week for five or six weeks. Learning teams of 3-5 students complete specific coursework outside of class meetings.
